LOGNOTE -- Chief, Operations Group, 7 August 1986

1. [] Following minutes from today's AD/FBIS staff meeting:

STAT

- AD/FBIS informed that he had talked with [] this morning. She is in fine spirits and expects to remain in the hospital through Friday.
- There is yet another attempt to improve employee processing underway in the Office of Security. Evidently, the new procedure involves a senior polygrapher who will be available during the polygraph to make decisions on the suitability of the average recruit. Offices should be informed much quicker, through this new procedure, of the Office of Security decision.
- There is a movement afoot within the DCI's office to encourage and reward "grass roots" initiatives by employees. More information will be available later.
- It was announced that the next off-site meeting for senior DS&T managers will be held 28-30 October.
- The annual review for the FY-1987 budget for FBIS will be held on 10 September.
- It was reported that the draft memo on the reduction in U.S. Government overseas employment has been issued. The main drawdown will be in DOD and in AID. A study will be conducted within the Intelligence Community to review overseas operations and staffing needs in Thailand, Hong Kong, and Japan.
- The Language Use Award policy has survived, but with a 50 percent reduction in the stipend. In FBIS, this involves Production Group linguists and Key West monitors.
- The Office of Security briefing on computer security for FBIS senior managers will be held at 1000 on Friday, 17 October.
- AD/FBIS reminded the staff that the deadline for the official office response to the IG survey is due in about a month. He will coordinate. []
